Main venue

Fondation Universitaire, Rue d'Egmont 11, 1000 Brussels

Organisers

Trans European Policy Studies Association (TEPSA)

Academic coordinators

Prof. Frank Schimmelfennig, TEPSA & ETH Zürich
Prof. Michael Kaeding, TEPSA & University of Duisburg-Essen

About DiCE

DiCE establishes a large, open and inclusive research network designed to ensure that state-of-the-art research on differentiation is translated into policy advice made accessible to policy-makers at European, national and regional levels. DiCE clusters three large EU-funded research projects on differentiation and the dynamics of integration: EU3D, InDivEU and EU IDEA. The three Research and Innovation Actions, as well as the DiCE project, are funded by the Horizon 2020 programme of the European Union.

More information on DiCE activities can be found at <https://www.dice.uio.no/>

About TEPSA

The Trans European Policy Studies Association - TEPSA - was established in 1974 as the first trans-national research network in the field of EU affairs. It comprises leading research institutes throughout Europe, with an office in Brussels. Its aim is to provide high quality research on European integration in order to stimulate discussion on policies and political options for Europe. This is achieved by interaction between the European and national institutions as well as the academic and research community. TEPSA is active on a wide range of research topics, with a particular focus on differentiated integration, the EU's external relations, democratic participation and citizens' engagement.

More information on our activities can be found at <http://www.tepsa.eu/>

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 870789.
