

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No. 870789.

DiCE Regional Assemblies are small expert workshops gathering representatives from the regional and local governments of 7 EU member states, which aim to discuss the different policy scenarios and recommendations that have been developed by the DiCE project cluster and to reflect on their potential implications for policy-making at the sub-national level of governance.

Participants can find below some preparatory materials for the workshop:

- Introductory video: [Differentiated Integration in the European Union](#)
- [Key project results](#) from the DiCE cluster
- InDivEU paper: Paolo Chiocchetti (2021), [European Landscapes 2035: Four Scenarios for Internal Differentiation](#)
- InDivEU paper: Paolo Chiocchetti (2021), [Love Thy Neighbour 2035: Three Scenarios for External Differentiation](#)
- EU IDEA paper: Janis A. Emmanouilidis (2021), [Differentiated EUrope 2035: Elaboration and Evaluation of Five Potential Scenarios](#)
- EU IDEA paper: Pier Domenico Tortola and Stefan Couperus (2020), [Differentiation from Below: Sub-national Authority Networks as a Form of Differentiated Cooperation](#)

The DiCE Regional Assemblies are organised by TEPSA in cooperation with some its member institutes in the countries concerned. They will take place between March and June 2022
