## THE FUTURE OF EU-TURKEY RELATIONS: MAPPING DYNAMICS AND TESTING SCENARIOS

This project has received funding from the European Union's Horizon 2020 Research and Innovation Programme under Grant Agreement No 692976.

On 27 September 2018, FEUTURE's coordinators and Work Package leaders gathered in Brussels to meet with stakeholders from the European Commission, the Council of the European Union and the European External Action Service (EEAS). More than two years into the project's work, FEUTURE researchers had the chance to discuss with them major outcomes of the research and conclusions on possible f(e)utures of the EU-Turkey relationship in a closed-door meeting under the title "different scenarios & different f(e)utures".

The discussion included a summary of the main research findings of each FEUTURE thematic Work Package, which was followed by a discussion on the framework of "creative association" for the FEUTURE of EU-Turkey relations. The meeting provided FEUTURE researchers with valuable inputs that will be incorporated in the ongoing research.
